

# Weekly Report

2019.05.06-2019.05.12

---

## Job Summary

1. Paper reading:
  - 1) *ACTIVIS: Visual Exploration of Industry-Scale Deep Neural Network Models*
2. CCTV Project:

Some problem correction and data update.
3. Paper report homework:
  - 1) Report of ACTIVIS: Visual Exploration of Industry-Scale Deep Neural Network Models
  - 2) Report of Towards better analysis of machine learning models: A visual analytics perspective

## Work Plan

1. Further meet the reporter's needs and data update.
2. Get some inspiration of issues which may need visualization in the process of federated learning this week and will determine the system direction through further communication.
